①

It's simple, but having less Navigation bar pages would be better.

② More clear details about subjects will be good.

③ Yes, I would like to know courses offered before I apply.

④ Its nice

⑤ It would be great to know the status of your application, I had to call or send mail to the university each time I wanted to know the status of my application.

6. Would you like guidance in the form of interaction from the college management during the application process?

Not required for me

7. Would you like to track your application status regularly, instead of the traditional method used?

Yes

8. Would you like to use a Mobile Application to apply for the university?

No, maybe for tracking application.

9. What are your views regarding signing-up to the website before actually applying for the university?

Would have been better if it was required during application to the college and as a first step.

10. Would a Live Chat feature with the university administration department be helpful during the registration process?

It might be useful.

11. Are there any additional features would you like to see in the university portal?

Application tracking would be helpful, instead of calling and asking to the university.

12. How would you rate the current existing university website? (Out of 5, where 5 is the maximum)

3.5
