SAD Questionnaire

Name: Pooja

Department: ACS

Year of joining: 2017

Students

1. Would you prefer to have a simpler website to make the application process easier than the existing website?

   I think it is as simple as it can get.

2. How desirable is to make the website self-explanatory? Comment

   A little more elaboration about the courses would be good

3. Would you try to look for specific fields of study before applying?

   Definitely. If not the exact fields of study, but at least the most relevant.

4. What do you think of the interaction with the existing website?

   It could be more detailed.
   For example, about accommodation

5. How desirable is to keep track of your application process?

   They are pretty efficient

6. Would you like guidance in the form of interaction from the college management during the application process?

No. It's pretty straight-forward

7. Would you like to track your application status regularly, instead of the traditional method used?

Yes. Could be an easier method

8. Would you like to use a Mobile Application to apply for the university?

No.

9. What are your views regarding signing-up to the website before actually applying for the university?

Could be helpful. Maybe it could help in answering any questions if we have before applying.

10. Would a Live Chat feature with the university administration department be helpful during the registration process?

Definitely

11. Are there any additional features would you like to see in the university portal?

Something that could help with dorm facilities or to provide any options about accommodation

12. How would you rate the current existing university website? (Out of 5, where 5 is the maximum)
